Patrons can no longer enter the restaurants to pick up food.

Additionally, the Wyoming Medical Society has voted to urge the Governor to institute a statewide Shelter in Place Order as 41 other states have done.

This may be on the horizon for Wyoming. Teton County had independently put one in place. I don't believe we need that yet in Big Horn County if we respect the State Orders now in place until the end of the month.

However, if people continue to ignore the President and Governor's recommendations and current orders, he will have no choice to issue a Shelter in Place Order.

Let us be responsible. PLEASE make a difference. STAY HOME.

As of 7:30 am, we have **162** cases in Wyoming. The number of cases continues to rise exponentially.

We also have **37** people who have fully recovered and are not quarantined or hospitalized anymore. NO DEATHS. We still have NO CASES in Big Horn County, with 27 tests resulted and 5 pending.
